

Dying Well

Living, dying & the spaces in between.

Clair Fisher

www.dyingwell.uk | @DyingWellUK

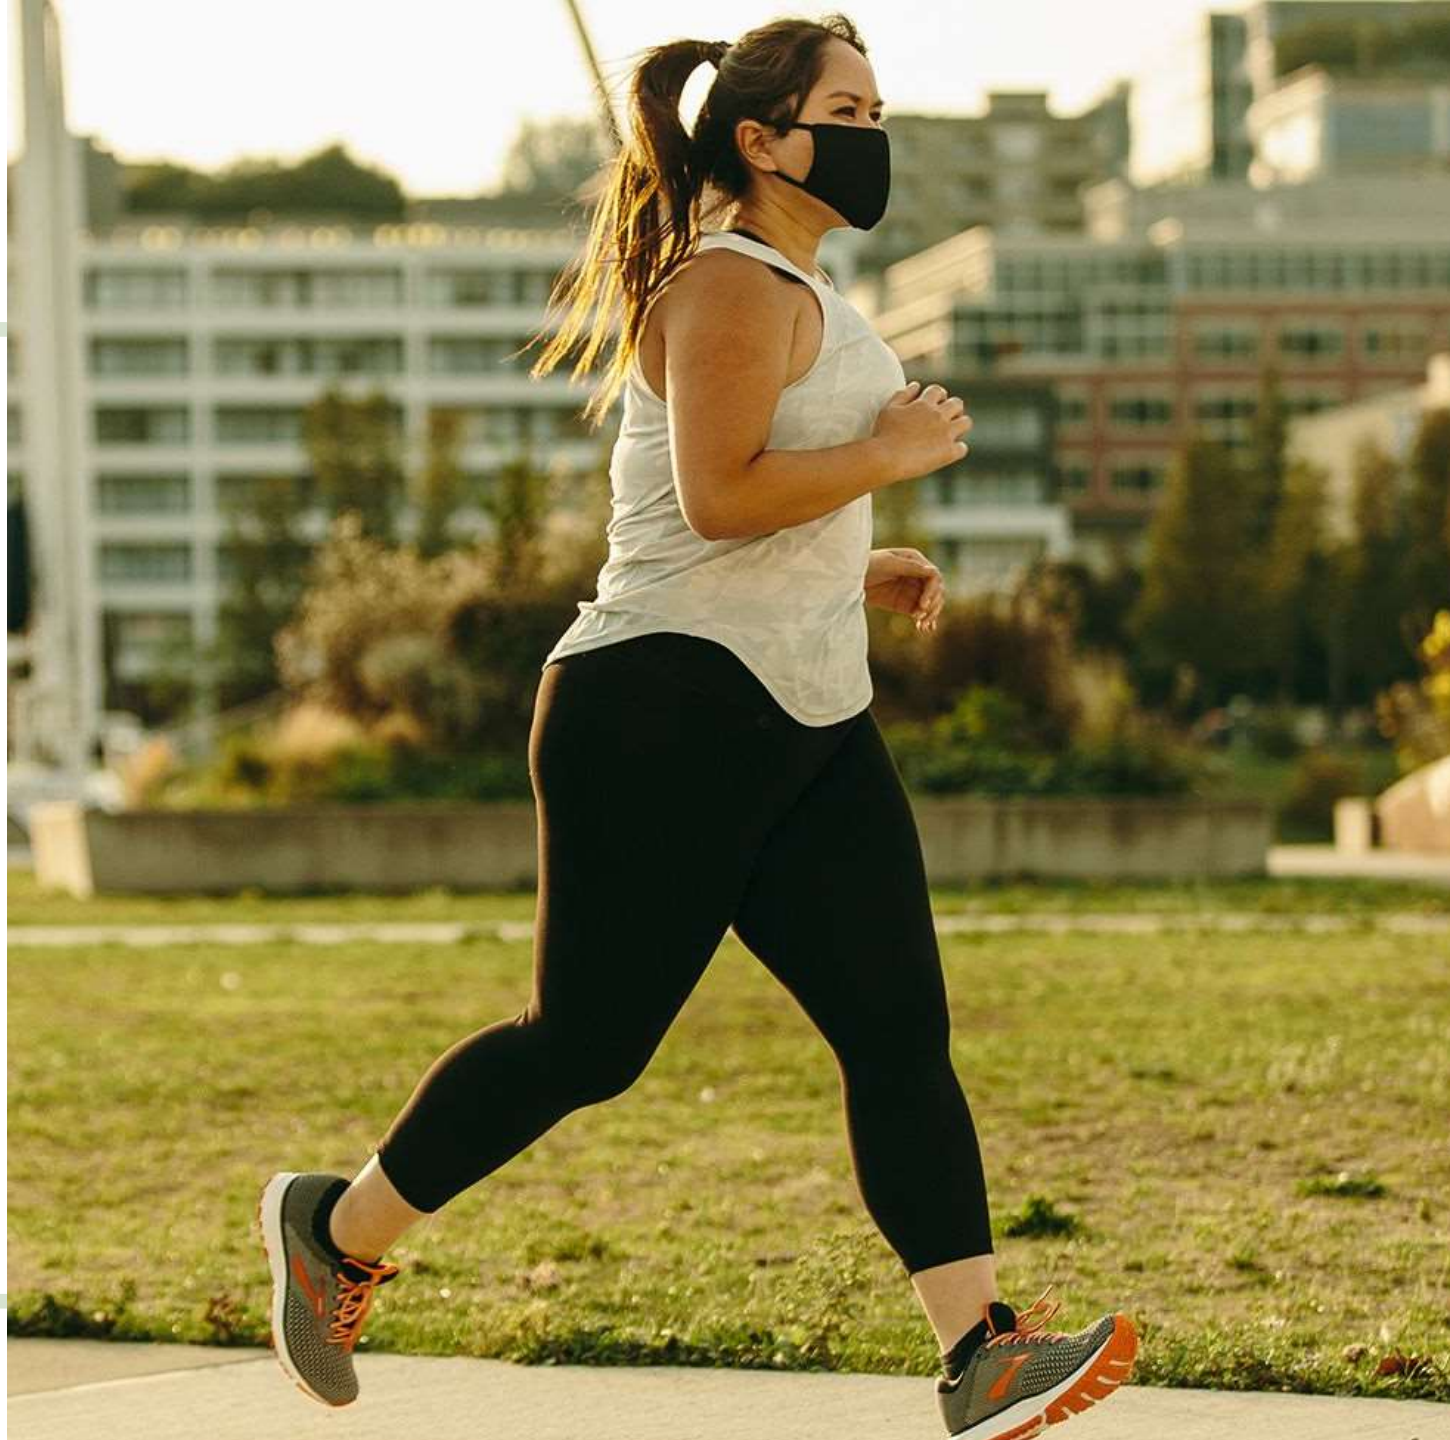

Purpose

Why isn't there better support for people diagnosed with terminal illness to keep working?

Health

Could the tried and tested wellbeing services be more routinely offered to those living with terminal illness?

Physical Environment

Could wellbeing home visits become part of the community care package?

Connection

Why are the services that ensure people are properly supported too often patchy and reliant on charitable donations ?

what works
wellbeing
